

TICC Monthly Report

October 2014

We officially launched the Transparency Initiative on October 8, 2014. By the end of the month, almost 40 organizations had initiated the process of applying for membership, and two, the Sarah T. Hughes Field Politics Center at Goucher College and the Kaiser Family Foundation Public Opinion and Survey Research Group were the first to be formally admitted.

The Transparency Initiative Coordinating Committee met twice in October, on October 1 and 15, to coordinate the application review process and to address emerging policy issues. More of our time is now being taken up conducting application reviews. In the coming months, we will consider plans for adding additional members to the TICC to help support this effort.
