

Transparency Initiative Coordinating Committee

May 2014

Several Transparency Initiative activities took place during the annual AAPOR annual conference this month:

- On Thursday, May 15, an update of TICC activities was provided to the membership during an afternoon session that was shared with the Survey Refusal Task Force Committee. The PowerPoint from that presentation is available can be found under “Other Relevant Documents” on the Transparency Initiative’s “TI Updates Archive” page on AAPOR’s website (www.aapor.org).
- The TICC met for an hour early on Friday, May 16, to review progress and establish plans for the upcoming rollout of the Transparency Initiative.
- A brief overview of TICC activities was also provided during AAPOR’s business meeting on Saturday, May 17.
